Projects

The Baton Instrument

Built a conductor's-baton-like electronic instrument (gyroscopes, scroll wheels, four buttons) through the Innovares course and Creativitas program; premiered in concert.

AI-Powered Music Tool

In development — applying AI to the practice and creation of music.

Institute-Based Projects

Created and worked on interdisciplinary projects at MIT, Stanford University, and Carnegie Mellon University.

Beyond Music

Alpine ski racing (Vermont state level) · Taekwondo (2nd dan black belt) · Squash (junior varsity) · Robotics team (lead builder; state-level tournament; Judges' Choice Award) · Math club · Racquet sports
